EQUALITY STATEMENT

Our equality vision and the values that underpin School life

At Kenilworth and Whitnash Nursery Schools we are committed to ensuring that every member of the community feels valued, enabled and enriched.

We are committed to the equality of education and opportunity for all children, staff, parents and carers receiving services from the Schools, irrespective of race, gender, disability, faith, religion or socio-economic background.

We aim to develop a culture of inclusion, diversity and community cohesion in which all those connected to the Schools feel proud of their identity and able to participate fully in the life of the Schools.

The achievement of children is carefully observed and we will use this understanding to support children thinking together with their families, raise standards and ensure inclusive teaching, support and learning.

*We tackle discrimination by the positive promotion of equality, challenging bullying and stereotypes and create an environment which champions respect for all. At Kenilworth and Whitnash Nursery Schools we believe that **diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit.***

Equality Objectives

At Kenilworth and Whitnash Nursery and Early Years Hub, staff, governors and parents work in partnership with the local community and other stakeholders to create inclusive Schools where everyone feels safe, welcome, respected and valued. We strive to create an educational environment, which is challenging, stimulating, creative and enjoyable. All participants are supported and encouraged to achieve their own potential, making the difference in becoming independent and lifelong learners who are able to make a positive contribution to our society

Aims

- **To provide warm, friendly, welcoming environment where partnerships are built, valued and understood so we may work co-responsibly to support every child to achieve their potential**
- **To work together to support children to understand their roles as young citizens and to value their rights and the rights of others.**
- **To provide a rich and stimulating environment enabling the unique child to become a competent learner**

Core Principles: In fulfilling our legal obligations we will be guided by nine core principles:

Principle 1: All learners are of equal value.

Principle 2: We recognise, welcome and respect diversity.

Principle 3: We foster positive attitudes and relationships, and a shared sense of cohesion and belonging.

Principle 4: We observe good equalities practice, including staff recruitment, retention and development. Principle

5: We aim to reduce and remove existing inequalities and barriers.

Principle 6: We consult and involve widely.

Principle 7: We strive to ensure that society as a whole will benefit.

Principle 8: we will base our practices on sound evidence.

Principle 9: we will formulate and publish specific and measurable objectives.

Legal Background - The duties that underpin our scheme

Our School is committed to meeting its public sector statutory duties as detailed below. We understand that the duties apply to service delivery and employment and staff management as well as policy development and implementation.

General Duty under the Equality Act 2010:

The purpose of this policy is to set out how our practice and policies have due regard to the need to:

- **eliminate discrimination**, harassment, victimisation and any other conduct that is prohibited by or under this Act.
- **advance equality of opportunity** between persons who share a relevant protected characteristic and persons who do not share it
- **foster good relations** between persons who share a relevant protected characteristic and persons who do not share it.

The Specific Duties of the Act enable schools to meet their obligations under the Public Sector Equality Duty (PSED)

The specific duties require schools to:

- Publish annually information quantitative and qualitative, showing compliance with the public sector equality duty (PSED) set out in clause 149 of the Equality Act 2010.
- To set every four years one or more specific measurable equality objectives that furthers the aims of the equality duty.

Protected Characteristics

The Equality Act 2010 protects children from discrimination and harassment based on protected characteristics. We understand the principle of the Act and the work needed to ensure that those with protected characteristics are not discriminated against and are given equality of opportunity.

The protected characteristics for school provisions are:

- ***age (for staff and adult users only)***
- ***disability***
- ***ethnicity and race***
- ***gender (sex)***
- ***gender identity and reassignment (for staff and adult users)***
- ***pregnancy, maternity and breast feeding (for staff and adult users)***
- ***religion and belief***
- ***sexual orientation (for staff and adult users)***
- ***Marriage and Civil Partnership (for employees)***

In order to meet our general duties, listed above, the law (for schools) requires us to undertake some specific duties to demonstrate how we meet the general duties. These are to:

- Publish equality information – to demonstrate compliance with the general duty across its functions *However, we will not publish any information that can specifically identify any individual child or adult, due to the small size of our pupil cohorts and staff teams specific data is not included here.*
- Prepare and publish equality objectives To do this we will collect data related to the protected characteristics above and analyse this data to determine our focus for our equality objectives. The data will be assessed across our core provisions as a school and Ofsted registered childcare provider.

This will include the following functions:

- Admissions
- Attendance
- Attainment
- Exclusions
- Prejudice related incidents

Our objectives will detail how we will ensure equality is applied to the services listed above, however where we find evidence that other functions have a significant impact on any particular group we will include work in this area.

Disability: At each Nursery School Nursery we implement accessibility plans which are aimed at:

- Increasing the extent to which disabled children can participate in the curriculum;
- Improving the physical environment of Centres to enable disabled children to take better advantage of education, benefits, facilities and services provided;
- Improving the availability of accessible information to disabled children.

Provision for disabled children is closely linked with the existing provisions for children with special educational needs. These are the same duties as previously existed under the DDA and have been replicated in the Equality Act 2010. We recognise that these duties reflect international human rights standards as expressed in the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998

Community Cohesion: We welcome our duty under the Education and Inspections Act 2006 to promote community cohesion. In order to achieve a cohesive community, we strive to:

- Promote understanding and engagement between communities
- Encourage all children and families to feel part of the wider community
- Understand the needs and hopes of all our communities
- Tackle discrimination
- Increase life opportunities for all
- Ensure our teaching and curriculum explores and addresses issues of diversity

Addressing Prejudice Related Incidents: The Nursery Schools opposed to all forms of prejudice and we recognise that children and young people who experience any form of prejudice related discrimination may fare less well in the education system. We provide both our children, service users and staff with an awareness of the impact of prejudice in order to prevent any incidents. If incidents still occur we address them immediately and report them to the Local Authority using their guidance material.

Roles and Responsibilities and Publish Information

Chain of accountability: The Board of Governors, supported by the Headteacher and staff, is responsible for ensuring the implementation of this scheme.

Commitment to implementation: The Headteacher retains overall responsibility for ensuring that the action plan is delivered effectively and reported on to Governors, via the Head Teachers report to Governors.

All staff are responsible for delivering the scheme both as employees and as it relates to their area of work.

Transparency means being open about the information on which we base our decisions, on what to publish and how

Engagement: Involving our learners, parents/carers and others

'We have welcomed the participation and involvement of people from broad and diverse backgrounds and of different abilities through questionnaires, discussions, parents forums, children's voice, observations, staff knowledge, participation and relationships with users, professionals feedback, advisory board meetings.

When deciding what to do to tackle equality issues, we will consult and engage both with people affected by our decisions - parents, children, staff, members of the local community – and with people who have special knowledge which can inform the school's approach, such as disability equality groups and other relevant special interest organisations. Evidence of this engagement will be included in the review of the SDP, through the School Self Evaluation process and in reports to Governors

Using information: Evaluating the impact in terms of the outcomes

- We make regular assessments of children' learning and use this information to track children' progress, as they move through the School. As part of this process, we regularly monitor the performance of different vulnerable groups, to ensure that all

groups of children are making the best possible progress. We use this information to adjust future teaching and learning plans, as necessary.

- Children's performance information is compared to national data and LA data, to ensure that children are making appropriate progress
- Senior Leadership Team monitoring ensures that provision is assessed to make sure our range of resources promote a wide range of diversity
- We collect a range of information relating to incidents of harassment and bullying including those relating to racism, homophobia, disability and gender.
- We value more qualitative information, which may be given to us through a variety of mechanisms e.g. children's and parents voice.
- We will report our analysis of equality information to Governors in an annual basis – to demonstrate compliance with the general duty across its functions
